

TECH-ENIGMA

This is a fun cum technical event. Students are required to participate in a team of two. It consists of three rounds.

DAY 1:

FIRST ROUND- BIZ ROUND

All work and no play makes Jack a dull boy. So, here we come with our fun round which may consist of game (YOU NEVER KNOW). Points will be given accordingly.

TIME- Maximum time given for a team will be 10 minutes and the event will be continued for the whole day.

SECOND ROUND- QUESTIONNAIRE

This is a rapid fire round. Each team will be asked certain questions. Each right answer gives you +5 points and each wrong answer costs 3 points. First 10 teams will be qualified for the final round.

TIME- It will going on parallel with the first round. It will take 5 minutes for a team to complete this round.

Teams shortlisted on the basis of their performances in first and second rounds will be called for the third round next day.

SECOND DAY:

THIRD ROUND- BRAIN TEASER

“Time is money”. Mark these words for this round. Each team is provided with a circuit. It’s a challenge thrown to you. DEBUG THE CIRCUIT!!! It’s difficult to find the fault and even more difficult to rectify it. So here it goes, you are provided with a circuit, carefully examine it and bring it to a working condition. The team which brings

the circuit in operative condition in minimum time will be declared winners.

TIME- Teams will be given 40 minutes to debug the circuit.

RULES

1. Students are required to participate in a team of two.
2. Students of any branch can participate.
3. Students must have a valid id card.

Disqualification:-

Following cases will attract immediate disqualification:

- If a team fails to adhere to size specifications.
- If a team fails to report in time.
- if a team tries to intervene the game play without permission of the referee.
